I. Statewide Coordination

For the purposes of this COVID-19 emergency only, I hereby invoke section 127A-13(a)(5), Hawaii Revised Statutes (HRS), as it is my opinion that it is necessary to coordinate emergency management functions. Accordingly, I direct all counties to obtain my approval, or the approval of the Director of Hawaii Emergency Management Agency (HIEMA), prior to issuing any emergency order, rule, or proclamation. I further suspend sections 127A-14(b) and 127A-25, HRS, to the limited extent necessary to ensure statewide coordination.

This Thirteenth Proclamation (Proclamation) does not apply to the United States government.

II. Invocation of Laws

The following emergency provisions are expressly invoked, if not already in effect upon declaration of an emergency on March 4, 2020:

Sections 127A-12(a)(5), 127A-13(a)(6), and 127A-13(a)(7), HRS, directing the Director of HIEMA and the administrators of each county emergency management agency to take appropriate actions to direct or control, as may be necessary for emergency management.

Section 127A-16, HRS, activating the Major Disaster Fund.

Section 127A-30, HRS, inasmuch as such section automatically went into effect upon declaration of an emergency on March 4, 2020.

Rules Relating to Immunities for Health Care Practices, as set forth in Exhibit A attached hereto.

III. Act with Care

A. Work in Businesses or Operations

Pursuant to sections 127A-12(a)(5), 127A-12(b)(14), 127A-13(a)(1), and 127A-13(a)(7), HRS, the following businesses or operations may operate during this emergency: businesses or operations that are part of the federal critical infrastructure sectors, including essential workers supporting the 2020 Census, as identified by the U.S. Cybersecurity & Infrastructure Security Agency, and the businesses or operations operating in each county in accordance with the State Roadmap to Recovery and Resilience, referenced in Exhibit E. Businesses include for-profit, non-profit, or educational entities, regardless of the nature of the service, the function they perform, or their corporate or entity structure.

B. Safe Practices

All persons must wear face coverings in compliance with county orders, rules and directives approved by me pursuant to Section I. All persons shall comply with applicable hygiene and physical distancing guidance from the Centers for Disease Control and Prevention (CDC) as well as State, county, industry and regulatory requirements for safe hygiene and physical distancing practices to mitigate the spread of COVID-19, including standards adopted by and requirements issued by Hawaii Department of Health (DOH).

C. Persons Experiencing Homelessness

Persons experiencing homelessness are exempt from Section III of this Proclamation but shall comply with the safe practices referenced in Section III.B to the fullest extent possible and are strongly urged to obtain shelter. Governmental and other entities are strongly urged to make such shelter

available as soon as possible and to the maximum extent practicable and to use in their operation COVID-19 risk mitigation practices recommended by the CDC.

D. Force and Effect of Law

Pursuant to section 127A-25, HRS, all provisions set forth in Section III of this Proclamation are hereby adopted as rules that shall have the force and effect of law. In the event of any inconsistency, conflict or ambiguity between this Proclamation and any county emergency order, rule, directive or proclamation, the relevant documents shall be read to allow a county maximum flexibility to exercise its respective emergency management authority.

Pursuant to section 127A-29, HRS, any person who intentionally or knowingly violates any provision set forth in this Section III of this Proclamation shall be guilty of a misdemeanor, and upon conviction, the person shall be fined not more than \$5,000, or imprisoned not more than one year, or both.

IV. Travel to the State

A. Health Screening for Travelers to the State

Pursuant to section 127A-11, HRS, all persons entering the State of Hawai'i shall submit to the mandatory screening process identified in the Rules Relating to COVID-19 Health Screening Process and Travel Self-Quarantine, attached hereto as Exhibit B and hereinafter referred to as the "Travel Rules," and must comply with all applicable State and county rules, directives, and orders related to travelers.

B. Self-Quarantine for Travelers to the State

Pursuant to section 127A-13(a)(1), HRS, all persons entering the State of Hawai'i shall be subject to mandatory self-quarantine as provided in the Travel Rules, except those persons entering the State (1) by recreational boats into the State's small boat (non-commercial) harbors which have been at sea for at least 14 consecutive days before entering State waters and have no persons on board who are ill or are exhibiting symptoms of COVID-19 or (2) who, upon entry into the State, provide written confirmation from a State approved COVID-19 testing facility of a negative test result from a test administered to the traveler within 72 hours from the final leg of departure. **The negative test exception shall become effective on October 15, 2020.**

The period of self-quarantine shall begin from the day of entry into the State and shall last 14 days or the duration of the person's presence in the State, whichever is shorter. Persons who require paid or commercial lodging while subject to the mandatory self-quarantine shall not designate as their quarantine location a short-term rental, as defined by the applicable ordinances in each county, or as mandated by county order, rule or directive. Where a county rule, directive or order prohibits intended residents from residing in a short-term rental, as defined by the applicable county ordinances, all intended residents of that county must designate a hotel or motel as their quarantine location.

Persons entering the State to perform critical infrastructure functions as identified in Section III.A of this Proclamation shall be subject to self-quarantine but may obtain a limited exemption from covidexemption@hawaii.gov allowing them temporarily to break self-quarantine only when performing their critical infrastructure functions. If a limited exemption is granted to any traveler from covidexemption@hawaii.gov, such person shall be subject to all quarantine restrictions when not performing their critical infrastructure work or engaging in the activity expressly exempted. Only persons who have been granted an exemption through covidexemption@hawaii.gov may temporarily break self-quarantine and only for the purposes expressed in the written exemption. An exemption shall be void if the person subject to the exemption fails to wear appropriate protective gear and to follow the Safe Practices referenced in Section III.B of this Proclamation while engaged in the activities expressed in the written exemption. An exemption from covidexemption@hawaii.gov does not require businesses or operations to recognize the exemption from the 14-day self-quarantine period. All travelers to the State of Hawai'i shall complete the mandatory documentation identified in the Travel Rules.

C. Host Responsibility

All hosts of any guest or guests within the State of Hawai'i shall be responsible for ensuring their guest or guests abide by the mandatory self-quarantine set forth in Section A above.

Any host violates this section if the host intentionally, knowingly, or recklessly fails to notify law enforcement immediately when a guest or guests

subject to the self-quarantine fails to enter or remain within the confines of their designated quarantine location.

It shall be the duty of all hosts to ascertain the period of self-quarantine for their guest or guests and to determine whether or not their guest or guests remain confined to their designated quarantine location throughout the period of self-quarantine. It shall not be a defense to a violation of this section that the host did not know the period of self-quarantine for their guest or guests, that they did not know that their guest or guests were subject to the mandatory self-quarantine, or that they did not know that their guest or guests had failed to enter or remain within the confines of the designated quarantine location.

For purposes of this section, the following definitions apply:

“Designated quarantine location” means any hotel, motel, house, townhouse, condominium, or apartment in the State of Hawai‘i, that will be occupied, with the permission of the owner, renter, lessor, or manager of the accommodations, by persons entering the State of Hawai‘i during their period of quarantine and that is designated as such by these persons. In the case of hotels, motels, townhouses, condominiums, and apartments, “designated quarantine location” refers to the person’s individual room or unit.

“Hosts” means any individual, partnership, corporation, company, association, or any other person, group, or entity, who is the owner, renter, or lessor of any designated quarantine location.

“Guest or guests” means any person or persons subject to mandatory self-quarantine who are renting, leasing, or otherwise occupying any designated quarantine location from a host during the period of self-quarantine.

“Period of self-quarantine” means the period of time that begins the day a person enters the State of Hawai‘i and lasts 14 days or the duration of the person’s presence in the State, whichever is shorter.

D. Prohibition on Renting Vehicles

Unless an exemption is granted, persons subject to self-quarantine pursuant to Section IV of this Proclamation are prohibited from renting motor vehicles in the State, whether through a rental car company, online service, or through a peer-to-peer platform or car sharing service including but not limited to

Turo and Zipcar. Any reservations or confirmation of reservations by a person subject to self-quarantine shall be presumed to be the rental of a motor vehicle in violation of this order.

For purposes of this section:

“Period of self-quarantine” is as set forth above in Section IV.C.

“Motor vehicle” means an automobile, motorcycle, moped, or other vehicle propelled by a motor, whether gasoline, electric, or hybrid, which is offered for rent or lease within the State of Hawai‘i through any car sharing service.

E. Car Sharing Services Responsibility

All persons who provide motor vehicles through peer-to-peer platforms or car sharing services, including but not limited to Turo and Zipcar (hereinafter collectively referred to as “car sharing services”), shall be responsible for ensuring that they do not rent, lease, or otherwise provide any motor vehicle to any person subject to a self-quarantine, whether a visitor or returning resident, during the person’s period of self-quarantine.

Any person violates this section if the person intentionally, knowingly, or recklessly provides a motor vehicle through a car sharing service to a person subject to the self-quarantine.

It shall be the duty of all persons providing a motor vehicle through a car sharing service to determine whether or not the person is seeking to obtain the vehicle during the person’s period of self-quarantine. It shall not be a defense to a violation of this section that a person providing a motor vehicle through a car sharing service did not know that the person seeking the motor vehicle was not subject to the mandatory self-quarantine.

For purposes of this section:

“Period of self-quarantine” is as set forth above in Section IV.C.

“Motor vehicle” is as set forth above in Section IV.D.

F. Enhanced Movement Quarantine

A county may establish an Enhanced Movement Quarantine (EMQ) program through agreements with resort or hotel facilities. Travelers who enter the State as part of an EMQ program must comply with all State, county and industry safety and health standards applicable to such program and complete all

mandatory documentation. The EMQ program shall be implemented through county emergency orders, rules or proclamation and subject to the approval requirements of Section I of this Proclamation. A county EMQ program shall:

1. Restrict participating travelers to clearly-defined geographical areas and ensure limited contact with those not subject to self-quarantine. The geographical areas may include adjacent shoreline areas where beach access is permitted by applicable state and county authorities, provided that members of the public are given notice of the EMQ and are not prohibited from accessing the shoreline area;

2. Include safety, monitoring and enforcement measures consistent with industry standards;

3. Provide capacity for isolating any positive or suspected COVID-19 cases and provide necessary wraparound services for such persons;

4. Require participating travelers to sign waivers confirming they have voluntarily elected to participate in the EMQ; voluntarily agreed to electronic monitoring and other requirements; and voluntarily waived express privacy protections, including to health information, as necessary to accomplish the public health purpose of this Proclamation;

5. Require participating travelers to bear all costs related to their participation in the EMQ, including monitoring, isolation, care, lodging and other expenses.

G. Force and Effect of Law

Pursuant to section 127A-25, HRS, all provisions set forth in Section IV of this Proclamation and the Travel Rules are hereby adopted as rules and shall have the force and effect of law.

Pursuant to section 127A-29, HRS, any person who intentionally, knowingly, or recklessly violates Section IV of this Proclamation or the Travel Rules shall be guilty of a misdemeanor, and upon conviction, the person shall be fined not more than \$5,000, or imprisoned not more than one year, or both.

V. Interisland Travel Quarantine

Pursuant to section 127A-13(a)(1), HRS, and section 127A-12(b)(19), HRS, all persons traveling from within the State to the Islands of Kaua'i, Hawai'i,

and the Islands comprising the Counties of Maui and Kalawao, in the State of Hawai'i shall be subject to mandatory self-quarantine. The period of self-quarantine shall begin from the day of entry onto the Island and shall last 14 days or the duration of the person's presence on the Island, whichever is shorter. All travelers must comply with all applicable State and county rules, directives, and orders related to travelers, including those mandating the verification of data upon arrival at the airport and the completion of any and all documents. All provisions of Section IV.C-E and G of the Proclamation apply with full force and effect to this Section.

Persons traveling from within the State to the Islands of Kaua'i, Hawai'i, and the Islands comprising the Counties of Maui and Kalawao to perform critical infrastructure functions as identified in Section III.A of the Proclamation shall be subject to self-quarantine but may obtain a limited exemption allowing them to break quarantine only when performing their critical infrastructure functions. If a limited exemption is granted to any traveler, such person shall be subject to all quarantine restrictions when not performing their critical infrastructure work or engaging in the activity expressly exempted. Persons seeking an exemption from the Interisland Travel Quarantine must contact the appropriate county for review and approval. The Director of HIEMA also may grant exemptions from the Interisland Travel Quarantine.

A county may adopt a negative test exception to the Interisland Travel Quarantine, which exception shall be developed in conjunction with the State and integrated with the negative test exception process set forth in Section IV.B. A county negative test exception shall be implemented through county emergency orders, rules or proclamations subject to the approval requirements of Section I of this Proclamation.

Pursuant to section 127A-29, HRS, any person violating the Interisland Travel Quarantine and any applicable State or county rule, directive or order related to travelers, including the completion of any document required by the State or any county, shall be guilty of a misdemeanor, and upon conviction, the person shall be fined not more than \$5,000, or imprisoned not more than one year, or both.

Sunshine Law and UIPA

Chapter 92, HRS, Part I. Meetings, is suspended to the extent necessary to enable boards as defined in Section 92-2, to conduct meetings without any board members or members of the public physically present in the same location. The physical locations of the board members need not be listed on the agenda.

Boards are discouraged from meeting during the emergency disaster relief period and should only be meeting as necessary to comply with a law, operational necessity, or in furtherance of emergency responses to COVID-19.

If a board holds a meeting:

- Notice of meetings must be electronically posted and electronically provided to notification lists consistent with section 92-7; however, posting at the site of the meeting or at a centralized location in a public building is not required.
- Board packets, consistent with Section 92-7.5, must be electronically posted as soon as practicable under current conditions.
- Boards must accept written testimony from the public.
- Boards must comply with the requirements to keep and electronically post meeting minutes consistent with Section 92-9.
- The quorum requirements in Section 92-15 must be met for all meetings.

If a board has the staffing, technological and other resources to hold a secure video-teleconference (i.e., video and audio), it must in good faith attempt to provide the public with the opportunity to observe the meeting as it happens and an opportunity to provide oral testimony. No board action shall be invalid if the board's good faith efforts to implement remote technology for public observations and comments do not work.

If a board does not have the staffing, technological or other resources to hold a secure video-teleconference (i.e., it is limited to audio only), it must provide the public with the opportunity to listen to the teleconference as it happens and should make a good faith effort to provide the public with the opportunity to provide oral testimony.

Boards are encouraged to consider the following guidelines:

- Board members should be clearly visible and/or audible consistent with the remote technology used by the board.

- At the start of all meetings, the presiding officer should announce the names of the participating members.
- For audio-only teleconferencing, each speaker should repeat their name before making remarks.
- Votes should be conducted by roll call so that it is clear how each board member voted.
- To preserve the executive nature of any portion of a meeting closed to the public, the presiding officer should confirm with staff that no unauthorized person is present and has access to the executive session.
- When resources exist to readily do so, boards should record meetings and make the recordings electronically available to the public as soon as practicable after a meeting.

Notwithstanding the above, board meetings whose agendas have already been noticed as of the date of this Proclamation may proceed under the provisions of the Sixth Supplemental Emergency Proclamation.

Chapter 92F, HRS, **uniform information practices act**, and Chapters 71 and 73, Title 2 of the Hawaii Administrative Rules, are suspended to the extent they contain any deadlines for agencies, including deadlines for the OIP, relating to requests for government records and/or complaints to OIP. As resources permit, agencies are encouraged to respond to requests for government records (UIPA Requests). To balance the needs of the public with the resources available to government agencies during the COVID-19 crisis, agencies must comply with the following minimum requirements:

- Agencies must acknowledge receipt of UIPA Requests. If a request is not acknowledged, the requester may ask the Office of Information Practices to verify that the agency received the UIPA Request.
- Agencies must retain UIPA Requests and may not destroy requested records while a UIPA Request is pending.
- As resources permit, agencies shall in good faith:
 - respond to UIPA Requests for information that do not require redaction or substantial review of records without substantial delay; and
 - prioritize responding to UIPA Requests made in the public interest where the requestor has the primary intent and actual ability to widely disseminate the requested information to the general public.

EXHIBIT F

- Requests for government records not answered during the emergency relief period must be answered in a reasonable period of time when the suspension of laws is lifted.

§5 COVID-19 infection mitigation and social distancing; preopening and ongoing safety protocol.

(a) Preopening safety protocols.

- (1) Thoroughly clean and disinfect all fixtures, furnishings, equipment, doorways, work stations, and restrooms. Check and replace various filters such as heating, ventilation, air conditioning, and hair dryers. Disinfectants shall be EPA-registered and labeled as bactericidal, virucidal and fungicidal.
- (2) Evaluate the layout and arrange seats at least six feet apart. Consider adding spacing between booths, shampoo sinks, divider shields, sneeze shields, and/or alternative work schedules to accomplish this. Consider using the front and rear doorways to establish one-way traffic through the shop. Remove items such as candy dishes, self-serve coffee, product samples, magazines, and paper reading products from the common area.
- (3) Have hand sanitizer available for all employees and clients.
- (4) Take inventory of personal protective equipment (PPE), cleaning products, and EPA-registered disinfecting products, and order supplies, if necessary.
- (5) Establish new policies requiring employees to wear a face covering as described and recommended by the CDC at all times when in the shop, except while eating or drinking in a break room. Salons may consider providing face coverings to clients. Clients should wear a face covering as described and recommended by the CDC to the extent possible while receiving services.
- (6) Establish new schedules of employees and appointment policies to minimize the risk of overcrowding inside the shop. There should be no more than ten people in the shop at any time

including staff, provided the six-feet social distancing requirements are met. These policies shall be in writing and shall be posted to advise the public of the new policies.

- (7) Shop owners shall provide training, educational materials, and reinforcement on proper sanitation, hand-washing, cough and sneeze etiquette, and shall ensure that breakrooms are thoroughly cleaned and sanitized and not used for congregating by employees.
- (b) Ongoing Safety Considerations After Opening
 - (1) Consider seeing clients by appointment only. Limit the number of persons in the waiting area of the shop. It is recommended that clients wait outside the shop until the operator is ready to serve them.
 - (2) The use of a face covering as described and recommended by the CDC is mandatory for all employees at all times while in the shop. Placing a clean towel over the face of the client while at the sink is a good way to protect their mouth, nose and eyes. Minimize to the greatest degree possible, up-close, direct face-to-face contact with clients.
 - (3) Before and after each client, require staff to wash hands with soap and water for at least 20 seconds; properly clean and disinfect all workstations, shampoo, manicure and pedicure bowls, implements, and tools; ensure single use and porous items, such as disposable capes or cardboard nail files, are new; and follow manufacturer's requirements for product use, formulations, and/or disposal. Consider placing paper drapes or laundered towels on chairs.
 - (4) Employees should frequently wash their hands after using the phones, computer, cash register or credit card machine. Wipe all surfaces between each use.
 - (5) Advise employees and clients to stay at home if they are not feeling well. Consider pre-screening clients and ask if they have traveled outside the county or experienced any COVID-19 symptoms in the past 14 days. Decline services

- for any client that answers yes.
- (6) Discontinue the practice of physical social greetings, such as hugs or handshakes.
 - (c) Any Operator who contracts COVID-19 or any other contagious or infectious disease in a communicable form shall not attend any person in any shop, nor shall any person afflicted with such disease in communicable form receive any treatment in any such establishment. Any operator afflicted with any such disease shall return to work in a shop only upon a written statement from a physician that it is safe for him or her to return to work.

§6 Closures. Upon inspection, if any shop is found in violation of these rules, it may be closed immediately by public health officials or by the Department.
